

UPDATE ON OUR CENTER FROM Angelo Nikolov

March 26, 2020

What a different world we are living in today! We could not have predicted this 1 week ago when we closed on Wednesday evening. I, along with others are in constant contact daily with local and state leaders who are recommending that we stay closed until April 7th at the least which is the date issued by our Governor for shelter in place. We will remain closed until he lifts the shelter in place, and it is allowed for us to open by the governor. We will reevaluate the situation on April 6th when and if a news briefing will be held about what happens next and at that time will confirm with you on that date that we plan to open via email, our website, text and by posting on our Facebook page.

- The Center has been thoroughly cleaned and sanitized.
- Please stay safe and practice social distancing, do not have play dates. The more we observe the mandates from the Governor, the sooner we will be able to open.
- You will be charged tuition for the month of MARCH 2020 as we were open the majority of the month.
- Please Email Evanston Location/ angelo@toddlertownevanston.com or Chicago Location robert@toddlertownchicago.com
 - *your current phone number,
 - *cell phone provider address, and
 - *employer and employer's phone number.

So that we can update you if needed. You can also update your information in the parent portal at <https://myprocare.com/>

- Look for and read all communication from Toddler Town Via email, Website, Text and Facebook.
- As you know our Teachers have been posting videos of stories and projects daily to Facebook. We have also sent out many emails containing links to many learning websites to help you and your child through this break. We are also looking into GOOGLE CLASSROOMS for the children.
- Check Facebook for information and activities for your children.
- * If you are need of food during this time, please refer to previous emails on school locations that are offering breakfasts and lunches for your children.

Also, in previous emails I have posted links for you to find out information on CoVid 19 and how to stay safe.

Everyone at Toddler Town appreciates your support and patience at this time.

Thank you

Angelo Nikolov
Director
