THE BEARS (4-5 Year Olds)

Hello everyone! Welcome to December! Happy Holidays!

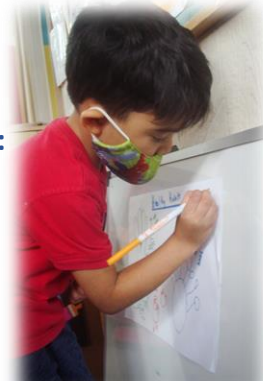

To recap the month of November, we began the month by talking about the color green: where we made a green collage; Health: where we discussed healthy habits; Imagination: where we wrote a class story as well as our own and we discussed how we are thankful to the ones that we love.

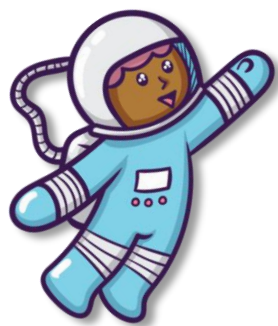

For the month of December, we will discuss Ways of being kind, Lizards, Winter and we will have a winter festival. It should be a great month!

BUTTERFLIES (3 Year Olds)

Hello everyone! Welcome to the month of December!

During the month of November, we had awesome learning activities. The Butterflies classroom learned about "Thanksgiving Day," how it is a happy day, it is family day, and a time to share and donate. The students also enjoyed reading time and having nice discussions about being thankful. Children were able to enjoy many activities, such as, counting feathers, painting leaves, tracing the letter T, practicing their names, and learning about 3D shapes.

For the month of December, we will be learning a new topic. We will be learning about the season of winter where children will become little scientist and we will talk about culture and tradition around the world. It will be an exciting month in the Butterflies classroom!
