KOALAS (5 Year Olds)

Hello Families!

We had such an awesome month of learning in our classroom! We studied pumpkins, spiders and El Dia De Los Muertos! We had some great activities along with these themes like digging out seeds from our class pumpkin, Cupcake. We also continued our lesson on letters. So far, we understand the letters A-U. We are on the right track to returning to normalcy in our class and hopefully we can continue this path.

For the month of November, we will be learning new and exciting themes. We will be learning all things science like practicing science experiments, learning about the history of Thanksgiving, and The Native Americans. We will also have great activities along with these themes like Thankful feathers.
