## KOALAS (5 Year Olds)

Hello Families!

Well so long sweet summer and hello to a new school year! August was full of excitement, fun, and sad goodbyes! We had a great time acting out stories, celebrating the summer Olympics and exploring works of art like clay, painting and watercolors. We also said goodbye to some friends that are starting a new adventure into big school! We wish them the best of luck and hope they visit often!

September is the start of the school year! We will be learning about ourselves with all about me lesson plan, our families and going over letters of the alphabet. We will also have fun projects associated with these themes like drawing our family and the All About Me Poster.

Parents:

I will be starting maternity leave after Friday October 15, 2021. I am hoping that everything will go according to plan, and I will be back in the classroom in February 2022. Ms. Karla will be taking over the class while I am away and continuing the school year lesson plans. Thank you all for your love and support!

## THE BEARS (4-5 Year Olds)

Happy September, everyone!

Welcome to a new school year! To recap the month of August, we reviewed the concepts of same/different, rhyming, sequencing and patterning. We also reviewed our basic skills before most of us went to kindergarten. For the month of September, we will talk about All About Me, Animals, Bugs and Colors. We will make our All About Me posters and talk about ourselves. We will also begin our fall projects using fall art materials. We will continue to enjoy gross motor play outdoors. It should be a great month!

## THE EXPLORERS (3-4 Year Olds)

Hello Families,

The Explorers class had a wonderful month of learning in August.

The students explored their 5 senses like sight, sound, smell, touch, and taste. We also studied art like primary, secondary, and mixing colors. We had some great activities with these lessons like mixing colors with a balloon and drawing what we looked like in the mirror.

For the month of September, we will be starting our school year! We will be learning about the students in our classroom with our All About Me lesson. We will learn about different family units. Finally, the children will be introduced to the first few alphabet letters by learning their sound and how to write the letter.

## BUTTERFLIES (3 Year Olds)

Hello families!

We say goodbye to August and hello September! During August, we learned the importance of keeping our hands to ourselves and using words such as “help me please” and “I need help”. Moreover, we also learned about our five senses! Learning about our five senses helped our children to build more vocabulary and fine motor skills because we had so much fun cutting paper and gluing! Also, we enjoyed the rainy days because it was perfect for our listening sense!

Therefore, we encourage our children to try to hear thunder and the rain! For September, we are going to be learning more about ourselves and our friends! We will also talk about different professions and what our children are interested in.

**Thank you in advance for your collaboration!**

## TOUCANS (2 Year Olds)

Hello families!

Our class had a wonderful month!

We learned so many things like colors, shapes, and animals. We also had fun activities and crafts, for example, the children completed an ice cream activity where they had to put the numbers 1-3 in the correct order with the help of a teacher. We had good weather, which allowed us to appreciate our time outdoors. We had a great month of learning, and we can't wait to see what the next month brings.

For the month of September, we have some wonderful themes in store! Children will continue their lessons on colors, shapes, numbers, and names. They will also study their names and the days of the week! Along with these new topics, there will be some great activities to correlate with them like name search where the children will try and find their names in the classroom with their pictures attached to it.
