

# September 2018

Where Your Child  
Always Comes First

## Here's What We've Been Up To

Hello all and happy September, I want to say good bye to all of our students who are moving on to BIG School and I want to say hello to all of our new children that have started or are going to start this month. Please stay on the look out for updates through LIFE CUBBY App/site as well as your child's teacher where you will find information regarding lesson plans, newsletters, updates and any information regarding your child's growth and development. Make Sure you let Mr. Angelo know in writing if your child will not be returning for the upcoming school year this fall. 2 weeks notice is needed in writing to avoid \$300 cancellation fee.

### REMINDER

Transitions have started for the upcoming school year. Please stay in the loop via email/text with the upcoming school year. Keep your info. Up to date with your teachers and Mr. Angelo. You need to know your LIFECUBBY password in order to sign in and out your child daily.

## ANNOUNCEMENTS

### Important info!

**We will be closed Monday  
September 3<sup>rd</sup>**

Please see Mr. Angelo if you have any questions. Stay on the look out for your child transitioning into another classroom in the fall.

***Make sure your CREDIT CARDS are up to date.***

### MORE STUFF!

PFA class has started and will continue throughout the school year. If you have any questions please see Mr. Robert, Mrs. Maritza or Ms. Jasmin upstairs in the butterfly classroom.

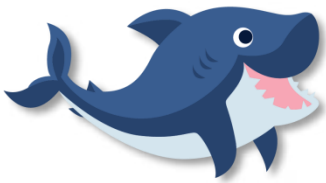

Update all contact phone numbers, emails and cell providers and please update Your Childs Cubby as our city changes weather daily !!!

Where Your Child  
Always Comes First

## SHARKS (5 Year Olds)

Welcome September! We had so much fun pretending to be Ocean animals & Zoo animals; we discussed features of Reptiles and learned about different kinds of feelings, while having fun playing feelings game in the classroom.

Our pre-k students usually leave us to start their new journey to elementary school each year, so in September we have new students in the class and this is the time for us to learn about each other and that also includes lots of observations. We are looking forward to learn about Labor Day, all about ourselves, our family, Five Senses, and Fall this month. The letters and math we will be learning are usually related to our weekly themes. Since we will have new students, we will start talking about basic shapes such as; Circle, Triangle, Rectangle & Square. We will continue improving our early reading skills with guessing game, clue game, rhyming words, sounding out the letters, reading books etc. Children will start practicing writing their names. Variety of art projects, games, graph and outdoor activities will accompany our learning.

---

## BUTTERFLIES (4 Year Olds)

This month we will be learning about ALL ABOUT ME. We will be focused on our bodies. How many feet do we have? How many eyes? We will learn about our five senses. What do we use to see? Smell? Taste? We will also learn about our emotions. What makes us happy? Why do you feel upset? There will also be an ALL ABOUT ME project. Families are encouraged to help their child create an ALL ABOUT ME poster. See teacher for project handout. Welcome to the start of a great year ☺☺☺☺☺☺

Where Your Child  
Always Comes First

## CHIPMUNKS (3 Year Olds)

Hello! Hope we all enjoyed our Labor Day Weekend. We are more than excited for the official beginning of the school year. September is always an exciting time, children are moving to new classrooms and teachers are planning fun activities for the next couple of weeks. This month we will get adjusted on getting to know each other names and our classroom rules. We will continue to spend time outdoors so remember to bring a light sweater for the days that get chilly.

---

## BUMBLEBEES (2 Year Olds)

September is finally here! If you haven't done much this summer, you're still in time to plan something fun, you have 21 days because, the first day of FALL is September 23, 2018. During the month of August children had lots of fun learning about worms and exploring with them. Along with exploring with worms, children had fun talking about sports and playing them, then being introduced to school and the return to school. During the school theme, children had fun learning about shapes and colors. For the month of September, we will discuss our 5 senses and children will be talking a lot about themselves and their bodies our body (inside and out), family and FALL. Children will also learn about feelings and emotions, it is very important for children to know how to express and identify feelings so that they also can learn how to manage certain feeling when they're experiencing it or when they see someone else experiencing it, they can help solve the problem. Heads up! Parents will be involved a lot during this month. ENJOY AND PREPARE FOR THE WEATHER CHANGE!
