SHARKS (5 Year Olds)

I cannot believe we are in the last month of 2021! Time has flown so fast; it's been a couple of months of being with your children and watching them grow. It took them a while to adjust to new bodies in the classroom and new routine, but I can say they have adjusted quite well!

In the month of November, students were engaged in weather, pumpkins and obsessed with PETE THE CAT!!! If you are not familiar with PETE THE CAT, I invite you to look into some of his books. The children really love them. I created a small library of just his books for them.

In the month of December, we will be jumping into the clothes unit, gingerbread unit, and holidays all over the world unit. All these units will include social-emotional, math, science, literacy, and social studies objectives!!! We can not forget physical objectives as well. Please make sure to download the PROCARE ENGAGEMENT APP to stay engaged with us and follow us on our FACEBOOK PAGE.

BUMBLEBEES (2 Year Olds)

Welcome to December 2021, the 12th month in the year, WOW! TIS THE SEASON TO BE JOLLY!

Before we discuss December, let's flashback on November; children had lots of fun learning about fruits, veggies, eating healthy, being thankful, Harvest and Day and Night. Children were able to explore with a pumpkin, taste different kinds of fruits and veggies and enjoyed their day and night theme. Along with that, we did lots of graphing and sorting, in which children loved, therefore, we will continue with graphing and sorting. Students were also becoming adjusted to classroom routines and rules, they have improved greatly, and it is way easier to be able to work with them with individual and group learning activities.

For the month of December, we will be discussing the following; Winter, Winter Fun, Holiday fun and Winter clothes. Children will be discussing all the fun things we can basically experience during the month of December and During the winter Season, since the first day of Winter is December 21, 2021.
