

FEBRUARY 2021

HERE'S WHAT WE'LL BE UP TO...

Hello Everyone, hope everyone has been enjoying the new year 2021. Can you believe it is already February?

During the month of February, children will be discussing **Love** and **Friendship**. Not only is it the month of **Friendship** and **Love**, but it is also **Black History Month**. A perfect combination to learn about being kind to one another, how every shade of skin is beautiful, about different cultures and how everyone is special.

Please pay attention to posts on ProCare or handouts from teachers because your child might be celebrating **Friendship** day in their classroom and, fun family projects may be assigned as well. If your child's classroom is celebrating, and you plan on bringing some treats, remember that **All items the are brought in must be pre-packed and in their original bag or box. If it is a food item, remember it must be sugar free and healthy.**

SHARKS (5 Year Olds)

January was so much fun! We had a great time learning about the science behind winter and Snow. We also learned about Martin Luther King Jr. and about his dream. Children promised to change the world for better and were very enthusiastic to share their dreams for the future world.

In February we will learn about dental health, and Dr. Seuss. We will continue focusing on writing letters/numbers and sounding out the letters. Children are enjoying when the teacher spells out their names while taking attendance.

If the weather permits (hopefully) we will try to go out to play; parents, please send your child with warm jacket, snow pants, gloves, hat and boots. Our children don't want to miss the snow fun. ☺

We also want to welcome Ms. Brenda this month!

BUTTERFLIES (4 Year Olds)

Greetings!

Welcome to the month of February! Throughout this month, we will continue to engage and wrap our Ice and Snow unit. Our students have been having so much with this unit. They have been engaging in activities that involved all their five senses. I would hate to wrap up the unit, but it will eventually come to an end this month.

Towards the end of the month, we will introduce our students to our Friendship unit. In this unit, students will learn characteristics of being good friends. We will also continue to enforce social distancing and washing hands. Please feel free to contact Mrs. Maritza and Mrs. Julissa if you have any questions.

If you all have any questions, please don't hesitate on emailing us either at Maritza@toddlertownevanston.com or Julissa@toddlertownevanston.com or Robert@toddlertownchicago.com

♥ CHIPMUNKS (3 Year Olds) ♥

We sure had fun last month with our clothes study, we learned about all types of clothes for all different weather, we categorized different clothes, and learned new terms on naming certain features of clothes. We even created some silly socks!

Since this is the season of love, I think that the month of February will be the perfect time to talk about the importance of friendship and showing love by being kind to one another. We will include new vocabulary words for each new focus each week. (Letter, Number, Shape, Color)

We will be celebrating Friendship Day in our classroom. Our Friendship party will be held on Friday the 12th. We will pass out our friendship cards to each other and have sweetheart activities. We will make custom made cards for our friends. If you wish to bring cards or goodies for your child to share, you are more than welcome to bring all the items in closed packages, and we will distribute them in the classroom for all the students. Try to bring items earlier in the week so I can have them ready by that Friday.

If you have any questions, please feel free to email me at: Carina@toddlertownevanston.com or Dial 847-475-1467 Ext. 13!
