May has left us and already we are in June! I will like to say congratulations to the 5 year old room on their graduation and starting their long new journey in life in big kid's school! May flowers bloomed just as our kids are blooming in the bumblebee room! This month we will be celebrating Fathers Day, talk about manners, colors of the rainbow and kites! For the month of June, some of our activities are but not limited to; having little carnival outside and beach week. Some of our art activities are making clown faces, hats, circus train, painting with sand, rainbow sticks and paper plate kites. Our letters for the month that we will be reviewing are R and K! We will continue to count both in English and Spanish up to 15. We will also review our colors in both English and Spanish! Here in the bumblebee room, we are Ready Willing and Able to Explore!

Ms. Stephanie and Ms. Vanessa

Hello parents! We had so much fun learning in May that the children are awaiting June activities. This month we will learn all about opposites, water fun, and enjoy our outdoor weather. As the warm weather approaches please check your child's cubby to make sure they have a change of clothes especially during this month since we will play with water. This month we also say good-bye to our 5 year-olds as they graduate from Toddler Town. Until next month!

-Thank you

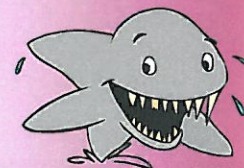

Mrs. Sandra and Mrs. Daulat

Look at the cool new equipment we've added to the playground!!

Welcome June! We had so much fun pretending to be Birds & Butterflies, discussing about community workers, how important mother are in our lives & what we can do for them. In June we are looking forward to learn about frogs, fathers, beach and summer. The letters we will learn are J, X, O & R. For math we will practice counting from 1- 100, will practice early addition; review all the shapes we have learned before. We will continue improving our early reading skills with guessing game, clue game, rhyming words, sounding out the letters, reading books etc. Children will continue practicing writing their names. Variety of art projects, games, and outdoor activities will accompany our learning. Parents are always welcome to be involve in our everyday activities, such as; read books to the children, bring books related to the themes or help with the kid's portfolios.

Ms. Jaya and Mr. Dan

Dear Parents,

It's that time of year again (summer time) and the Butterflies are ready to have fun in the sun! It's time to break out weather appropriate clothes to keep cool on hot and sunny days. Please be sure to refill your child's cubby box with extra underwear and summertime garments. To get into the summer spirit we will discuss lines, the summer season, and the beach. At the end of the month, we will review what we have learned. In the month of June and throughout the summer, there may be more water play outdoors; so please be sure to provide shoes/sandals with straps and grips that are safe for running outdoors. We will practice staying cool and hydrated by drinking plenty of water, and we also encourage plenty of water outside of school.

Thanks!

The Butterflies
