Toddler Town helps make a Difference!

November has fallen upon us. This month we have many different events taking place. The children of Toddler Town will be learning all about fall harvest and what it brings to our lives. Toddler Town would like to show our community what it means to give back as a school. The school will hold a donation drive where families can help out the less fortunate by bringing in a canned good. We would like to show our students what it means to give to others and help our community out. You may also donate Winter coats or other winter clothing to the less fortunate. Everyone can

Make a Donation!

make a difference! This month is all about being Thankful and for expressing your gratitude. Another activity that you may partake in to help bring the family a little closer together

this Holiday is some baking in the kitchen. The children love to help us out in the kitchen experimenting with new food and fun themed treats. Here is an activity that you may try on your own at home with your children. This is a fun way to create edible pumpkins out of a child's favorite treat. All you need is a rice crispy cereal box, marshmallows, a chocolate stick, food coloring and butter. Please enjoy this activity with your family, take pictures and show us how it goes. We can not wait to see what everyone comes up with. For the full recipe and instructions please visit the link provided below. It will help you step by step. Have a great November!!!

Take Note

- Please check cubbies for current weather clothing.
- Update Contact Numbers- If number has changed or been disconnected.
- Classroom transitions are in effect

Upcoming Events

- November 7th-Picture Day
- November 11th- CLOSED (Veterans Day)
- November 27-28th- CLOSED (Thanksgiving)
- November TBA- Field Trip

Ms. Jackie and Ms. Lee's Teddy Bears Class 2-year-olds

Fire Truck

Happy November! Well parents as you know last month we enjoyed some fun arts and crafts for Fall Fest as well as talk about weather changes. It was also Fire Prevention week last month and the

children learned a lot of safety tips when it comes to fire. Such tips were "Stop, drop, and roll" and checking our fire detectors are functioning. This month we will discuss Fall Harvest and work on fun games/projects. The chil-

dren will also be taking home turkey templates for November's take home project. Lastly, we will also focus on shapes.

Ms. Jackie and Ms. Lee

Ms. Selina and Ms. Irene's Butterflies Class 3-year-olds

Happy November Everyone! This past month was amazing, we all learned so much. The children discussed different letters of the alphabet, the season of fall, and different fall topics like witches, and pumpkins. We had fun with every last minute of it until the

very end which was our costume party. The month of November will consist of more alphabet and more fall projects, including learning about Fall harvest. We will create turkeys and list of what we are thankful for. I plan to also introduce a fun food activity

that the children may experiment with. As a giving activity this month I will have the children learn about giving and donating to the less fortunate. I plan to hold a donation drive in my classroom and have a goal so the children will be more motivated.

Feet Art

To recap the month of October the students covered the topics of fall, measurement, and fall festival. The students made fall collages. During our Measurement week the children were able to see the difference between long, short, tall and heavy. Finally, we had a

Fall Festival and the children made Spooky Footprint art for this festival.

This month we will be covering the topics of Fruits & Vegetables, Farm Animals, Native Americans and Fall Harvest.

Dear parents: Have you checked your child's cubby

lately? There are some children who are missing clothes and/or need to be restocked with the appropriate season clothing, so please be sure to double check. Thank you.

Ms. Barber's Bumble Bees Class 3 and 4-year-olds

What a wonderful Safety October it has been! It is so nice to still be getting to know each child in my classroom. To recap this month the Bumble bees learned a lot about the fall season and why is it called fall. My students were eager to go collect leaves and look at leaves under the microscope. We did some cool art work that is displayed around the classroom. How can I forget about all the safety things we learned throughout this month. We learned about the traffic light and what police officers do. Also we learned how

to dial 9-1-1 in case of an emergency and also some fire safety tips such as: what to do if your clothes are on fire? STOP, DROP AND ROLL. It is delightful to see how eager the Bumble bees are ready to learn new things every day. During the last month these are some of the things your child has been learning: the season of fall/Autumn, leaves and Pumpkins. Safety -learning how to dial 911 -learning about the traffic signal.

Recognizing and remembering different letters: F, H, L, and P. Taking turns and sharing with our friends.

Experimenting with rulers and measuring tools.

Using quiet indoor voices and saving their loud voices for outside.

Remembering to use walking feet.

Next month the children will learn about being thankful, and fall Harvest.

Bark Art

Ms. Taga's Bears Class 4 and 5-year-olds

Happy Fall Harvest! To recap the month of October, we discussed Dinosaurs, Emotions, Family and celebrated our Fall festival with a party and a costume parade. We also had our Health fair. For the month of November, we will discuss the color Green, Health, Imagination and

Being Thankful. We will also review our numbers from 1-10. In our media table we will continue to add fall related items. We will also continue to create art using fall related items to experience sensory stimulation. We will also be creating our own class story using our imagination as well

as creating our own igloos. Parents, please make sure your child is appropriately dressed for the weather, since the weather is changing. It should be a great month!

Ms. Taga

Ms. Megan's Koalas Class 5-year-olds

Hi parents! What a great month this has been. The class got to experience the fall season to the fullest. We had a great study on fall leaves as well as celebrating fall festival activities! Also, the class had great time learning about new sight words as well as developing their math skills. Our class had such

a great month and we can't wait to see what November has in store for us!

The month of November is going to be an exciting month. This month we will be learning new topics like Dinosaurs, Farms and Fall Harvest on a cultural level. We will also be going over some addition

with double digit numbers as well as taking a look at our list of 3 sight words. If you have any questions or concerns please see me and I will be happy to help!

Thank You,
Ms. Megan
