

Happy March families! Time is flying so fast that we have finished up February and are now in March. This month we will be asking parents to update their contacts numbers again so that we can have on file in case of an emergency. It is important parents to update your contact numbers whenever you change them.

Also parents, report cards are ready for your child. If you have not already signed up, please be sure to do so soon so that you can meet with your child's teacher to go over your child's progress.

These days are only getting colder and more people are getting sick. Again, we are asking parents to you make sure you wash your child's hands upon arrival. Also, if your child is sick we ask that you keep them at home and notify the school so we can take necessary steps in making sure the school continues to be germ free. Also, parents if you give your child medication we ask that you keep your child home so that they are able to recover.

REMINDERS:

- Update contact numbers!
- Report Cards are out.
Sign up to go over your child's report card if you haven't already done so.

-Toddler Town Thanks You!-

"May your troubles be less and your blessings be more. And nothing but happiness come your way."

-An Irish blessing-

Dentist Time

Hello parents! February has flown by. Now we are in March which means spring is around the corner. Please parents continue to check the children mail-boxes for proper attire according to the season. For the month of March, we will be celebrating Dr. Seuss, St. Patrick's Day and having a

spring party towards the end of March! Our themes include but are not limited to; Dr. Seuss hat; Red Fish, Blue fish; St. Patrick's Day Sensory Play; St. Patty's green hats; searching for a four-leaf clover; and so much more! The children will have fun exploring and also waiting patiently for spring! Our colors for the

month of March will be red, green and white! We will focus on letters S and M. Last month the children did a great job during our week of learning about the Dentist and letter D. Here in the bumblebee classroom, we are "Ready, Willing, and Able to Explore!"

Ms. Sandra and Ms. Daulet's Chipmunks Class 3-year-olds

Hello parents hope your February was just as fun as ours was! We learned about letter F & V, made fun Valentine's Day flowers in a vase, and made a

farm with some beautiful farm animals! This month looks to be just as exciting. We will celebrate Dr. Seuss's birthday, St. Patrick's Day, the letter M,

and colorful rainbows. Themes might change based on the children's interest, but no matter what, we will learn while we have fun playing together. See you next month!

Valentine's Day Projects

Hello parents and families! February has come and gone and now it is time to welcome March. At the beginning of February, we learned about opposites, feelings, Valentine's Day, and teeth.

As we watch the days on the calendar fill up, together we say, "So long to Feb-

ruary!" and we welcome a fresh start in March. A fresh start brings fresh learning experiences. This month, we will talk about our five senses, numbers, and outer space. I would like to encourage families to become involved in their child's classroom. We would like to say

thank you again to families who contributed to our Valentine's Day event. Please remember that the weather is constantly changing and be sure to check your child's cubby for weather appropriate clothes.

Thanks!

Ms. Jaya and Mr. Shonn's Sharks Class 5-year-olds

Spring is coming! Having this harsh winter already feels like, "Spring, where are you". The month of February was filled with fun activities including snow-fun, celebrations for Valentine's and President's day and

learning about dental health. March promises to be just as exciting. We will study the themes: Dr. Seuss, nutrition (March is national nutrition month), St. Patrick's Day, anatomy and spring weather. We will

celebrate St. Patrick's Day and Dr. Seuss's birthday. We are excited to spend some time outside as the weather changes.
