

Getting Involved at Toddler Town

Happy September families of Toddler Town. We had a great first day of school, the parents were greeted with lovely breakfast pastries and beverages as they walked into Toddler Town. This was a great opportunity for parents and teachers to have friendly conversations getting to know one another as well as getting to know more parents here at Toddler Town. During the month of August

we also held parent-teacher conferences and we would like to thank everyone for showing up and making a difference. This month we look forward to working with children and their families creating "All About me" Posters, as well as working on a family unit. We encourage families to come in and participate in family involvement such as reading a story, leading an activity, playing an instrument or just coming in to play along during

circle time. Please see your teachers to sign up for a date and a activity. Last but not least we had a great dental visit from our dental company. They did a 6 month check up, every class room had the chance to visit and it was a lovely success. We have a great month planned for September so keep your eyes open for new activities and crafts that are coming your way.

Take Note

- Please check cubbies for current weather clothing.
- Update Contact Numbers- If number has changed or been disconnected.
- Classroom transitions in effect

Upcoming Events / Holidays

- October 13th-(Columbus Day)

Ms. Stephane and Ms. Vanessa's Bumblebees Class 2-year-olds

Handmade Farm

The bumblebee room cannot believe that September is here already; meaning the summer will be ending very soon. For the month of September, our theme will include grocery store and healthy food. We will talk about different fruits and vegetables by identifying

them with tasting while being blind folded. We will also talk about the sizes and colors of our healthy food. Some of our activities and art work includes but not limited to; making our very own vegetable and fruit garden, picking the children letter name and finding fruits and veggies that start

with same letters and giving the children their grocery list (pictures with name) to shop at the grocery store. Our letters for the month of September will be G and F. The bumblebee class will also like to welcome our new friend Tomiyah. Our motto remains in the bumblebee class; Ready, Willing and Able to Explore!

Ms. Sandra and Ms. Daulet's Chipmunks Class 3-year-olds

Hello parents we had a fun August it may have been a tad chilly to call it summer, but we made our summer fun in our class! We also learned about water animals and worked on

letter Q. September is now here and oh what fun we will have this month. We plan on talking about ourselves as well as our families, learn our names, and so much more!

Parents as always feel free to share any ideas you might have and thanks again our students who have brought in books to share with their friends. Until Next month!

Wallets for our Money

Dear Parents, Happy September, and welcome to all of our brand new students! Starting in a new class calls for a fresh start and as we slowly transition into the fall season, we have a lot to prepare for. Last month, we learned about money concepts, camping, and rocks. In the month of September, we will review classroom guidelines, school safety and talk about our

weekly routine. In the following weeks, we will talk about feelings, have an "All About Me Week", and then finally we will introduce the fall season. Look out for monthly calendars in the take-home-activity folders once at the beginning of each month starting in September. The purpose of our monthly calendar is to practice with number recognition, fine

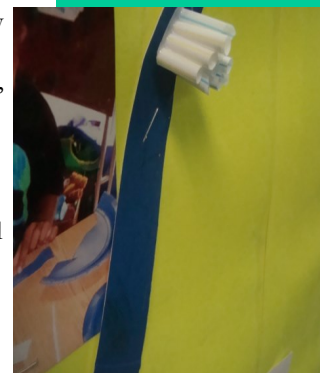

motor development, writing skills, time concepts, science (weather) and even reading skills. Parents are also encouraged to send their children to school with books to share with their classmates (especially those that are theme related). Ask your child's teacher(s) about the upcoming themes for ideas. For any other questions, comments, or concerns, please feel free to contact anyone of teachers as well.

Ms. Jaya and Mr. Shonn's Sharks Class 5-year-olds

Welcome September! We had so much fun pretending to be Ocean animals; we discussed importance of Hand-washing and learned about different kind of feelings, had fun playing feelings game. There was a little change of plans in our lesson plan in August; we had a dentist visit on 13th of August and we took the opportunity to learn about Dental health that week, so we missed lesson plan on 'Babies' which we are planning on having in September.

Our old pre-k students leave us to start their journey to elementary school this time each year, so in September we have new students in the class and this is the time for us to learn about each other. We are looking forward to learn all about ourselves, our family, Labor Day, Fall and Babies this month. The letters we will learn are L, B, M & F. For math we will practice counting 1-20. Since we will have new students, we will start talking about basic shapes such as; Circle, Triangle, Rectangle & Square. We

will continue improving our early reading skills with guessing game, clue game, rhyming words, sounding out the letters, reading books etc. Children will start practicing writing their names. Variety of art projects, games, graphs and outdoor activities will accompany our learning. Parents are welcome to bring theme books and to read books to our children if possible. change of clothes for keeping.
