Koalas January 2021!

Happy Holidays Families!

It's hard to believe that the end of the year is almost here. It has been a rough one indeed, but I feel like we made out on top. We had a wonderful month of December! We learned some awesome themes like what winter is, what activities can be done in winter and all the holidays that are celebrated in December like Hanukkah and Kwanzaa. We also explored some great activities like, fake snow, dreidel, ice hockey and much more. We can not wait to see what 2021 will bring us. Hopefully good things and new changes for the better!

In the month of January, we are going to start off on the right foot. We will be expanding our vocabulary with some new sight words. We will be studying fun themes like animals in hibernation, Chinese New Year, fun with science experiments. Along with these studies, we will have some fun activities correlated with these themes. Thank families for all that you do for this school and let's make 2021 a better year!

If you have any questions or concerns please reach me through email at megan@toddertownchicago.com or at Ext 27

Thank You,
Mrs. Megan

The Bears January 2021!

Happy Holidays Families!

We had a wonderful month of December! We studied kindness, jungle animals and celebrated winter. We also had some great activities that tied into these themes like a kindness chart and a snow collage. We look forward to what the new year will bring!

January will be a new year of new experiences! We will be studying hibernating animals, what snow is and activities we can do in winter like skiing and ice skating. There will be great activities with these themes as well like pretend ice skating and creating homes animals hibernate in.

The Bumblebees and Explorers January 2021!

During the month of December, the students enjoyed creating fun crafts such as candy canes, gingerbread man, and 3D collages. Children also learned the following sight words: you, like, and I, and worked on recognizing the number 8. We talked about the different activities we can do during winter and the type of clothes we wear to protect us from the cold. During the Month of January children will work on the following sight words: to, play, he, and she. Children will be learning about winter animals such as polar bears, penguins, and deer.

Using Our Imagination is Fun!

The Butterflies January 2021!

Hi families! In December we had interesting learning, the Butterflies learned about winter and we had great discussions about different cultures and traditions around the world.

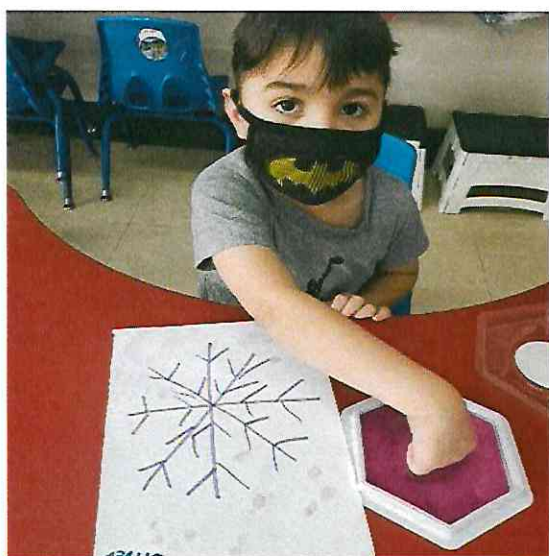

These included food, language, clothing, music, customs, beliefs, and religion. The students enjoyed making different art projects related to our topic, developing their imagination and creativity.

In January we will be learning more about winter and artic animals. January will also include a health study by explaining to the children the importance of wearing a mask and washing their hands frequently, which can help reduce the spread of the virus COVID -19.

The Toucans January 2021

For the month of December, we had lots of fun during our performance of winter wonderland. It was a success and children practiced very hard!

For the month of January, the children will be learning their five senses. We will be having special activities like guess what's in the bag? sniff and match game, blindfold walk, draw on back guess the shape, and catch the popcorn. We can't forget about our new friends that will be staring in the classroom as well.
